

IMMOVABLE ROD

Rod, Uncommon

2lb.

This flat iron rod has a button on one end. You can use an action to press the button, which causes the rod to become magically fixed in place. Until you or another creature uses an action to push the button again, the rod doesn't move, even if it is defying gravity. The rod can hold up to 8,000 pounds of weight. More weight causes the rod to deactivate and fall. A creature can use an action to make a DC 30 Strength check, moving the fixed rod up to 10 feet on a success.

INSTRUMENT OF THE BARDS, CANAITH MANDOLIN

Wondrous item, Instrument, rare (requires attunement by a bard)

2 lb.

An instrument of the bards is an exquisite example of its kind, superior to an ordinary instrument in every way. Seven types of these instruments exist, each named after a legendary bard college. A creature that attempts to play the instrument without being attuned to it must succeed on a DC 15 Wisdom saving throw or take 2d4 psychic damage.

You can use an action to play the instrument and cast one of its spells. Once the instrument has been used to cast a spell, it can't be used to cast that spell again until the next dawn. The spells use your spellcasting ability and spell save DC.

You can play the instrument while casting a spell that causes any of its targets to be charmed on a failed saving throw, thereby imposing disadvantage on the save. This effect applies only if the spell has a somatic or a material component.

All instruments of the bards can be used to cast the following spells: fly, invisibility, levitate, and protection from evil and good.

In addition, the Canaith mandolin can be used to cast cure wounds (3rd level), dispel magic, and protection from energy (lightning only).

If you have proficiency with a given musical instrument, you can add your proficiency bonus to any ability checks you make to play music with the instrument.

A bard can use a musical instrument as a spellcasting focus, substituting it for any material component that does not list a cost.

Each type of musical instrument requires a separate proficiency.
